SAFETY RULES

Our mission is to provide your child a superb, safe, challenging and enjoyable educational and athletic experience. The following rules support this mission:

1. **Rhythmic gymnastics students must be accompanied by an adult into each of our facilities and escorted by an adult to the Emerald City carpet area.** The parent or guardian must wait in the Emerald City bleacher area with his or her child until the class starts. Parents are encouraged to take their younger children to the bathroom prior to the start of class. If for some reason a student's participation in class should be limited in any way, parents need to inform the instructor prior to class this includes statements from physicians regarding limitations as well as release from those limitations.
2. Parents are always invited to stay and watch the class. As well, parents may leave the facility if their child can wait until the scheduled class breaks to use the bathroom. If a child needs to use the bathroom outside of the official break time then the parent or parent's designee must stay throughout the class in order to be able to escort their child to the bathroom as needed.
3. **At the end of the class period, the parent must be in the ECARG area to escort his or her child out of the facility.** On the rare occasion a parent is late, the child must tell the instructor and stay in the area of the gym as directed by the instructor. **Children are not allowed to wait for parents outside of the Emerald City designated area.** Additionally, if a parent is late, ECARG instructors are not responsible for staying with the child to wait for the parent.
4. **When walking to the bathroom or water fountain during assigned breaks, children must walk around the rhythmic carpet, staying close to the wall of the facility and off any basketball courts.** Students should leave the bathroom area as soon as possible and quickly walk back to the classroom area. Students should walk and not run when going to the restroom.
5. All students should bring a bottle of water to class.
6. Students should wear a black leotard, black footless tights and/or black shorts, and rhythmic toe shoes to the class for workout. Solid color form fitting tank shirts and Emerald City Rhythmic shirts are also allowed. On cooler days, students may also wear or bring a warm sweat shirt or ideally a stretchy black top.

7. Hair must be pulled back in a ponytail or a bun and all jewelry must be removed for class
8. Students should eat as necessary before class. Students may be allowed to eat during class or during the breaks. All food must be chewed and swallowed before the child returns to the carpets. Additionally, all food and trash must be cleaned up after the snack.
9. Students need to be respectful of both their instructors and classmates. During class, students must follow instructions. If a student misbehaves or is disrespectful to the teacher, their classmates or the equipment, she will be instructed to sit on the side of the carpet or in the bleacher area (a "time-out"). If the misbehavior continues, a student may be discontinued from that class or permanently discontinued.
10. Students need to be mindful that rhythmic equipment is being tossed in the air around them. For safety and courtesy sake, they need to be considerate of others when doing tosses and stay alert and out of the way of other students' equipment.
11. Students should not play with or hang on any volleyball nets or other equipment unaffiliated with the ECARG Program in facility.
12. If students have a friend who is interested in attending a class, he or she may bring the friend for a free trial session. However, the friend's parent must come to the session as well and the waiver must be signed by the friend's parent before class starts.
13. **Parents should not ask instructors questions or talk to instructors during the rolling out or roll-up of carpets, or once the official start time of the class has begun.** This takes important instruction time away from all students. Parents may talk to instructors before and after the class.
14. If your child is participating in a summer camp swimming session, it is the parents and child's responsibility to have sunscreen protection.
15. Parents should sit in the bleacher area, out of the way of the classes. **At no time should parents enter the carpet area, sit by the side of the carpet, sit on chairs that gymnasts are using or talk to their child during classes without the instructor's permission.**
16. **Parents are not permitted to video or take pictures of the classes or their child during class.**

SAFETY SPOTTING

I recognize and acknowledge that during the course of instruction, in order to achieve a proper body placement and correct training exercises, and to improve safety, the instructor assigned to the above child may touch the child while performing a "spot". A "spot" is the appropriate method to correct body alignment and maintain safety in the sports of gymnastics, dance, and tumbling, and is recognized as proper technique and practice.
