Letter from President of EMC

Dear Parents, I would like to take the time and say thank you to each and every one of you for continuing to support EMC and becoming a family-oriented club.

From AGG to level 3,4,5,6,7 and to our top girls, we feel your love and see consistent attendance of your children; that is the best gift for our coaches. We are very thankful for you and for all your on going support through very difficult times in the world.

We, the coaching staff, are very excited for new routines and new season. Even though there are a lot of unknowns right now, our coaches and I will continue to move forward and motivate kids to keep going and strive for improvement.

I strongly believe that this season will be a different one. The RG and AGG communities will come together and will figure out a way for kids to be able to compete, if not in person, for sure virtually. I am hopeful that it will happen and once we return to Alliant, I am considering installing cameras that will allow us to participate in virtual live competitions.

These difficult times in our lives will be forever in our memories, and our grandchildren will read about it in the history books. However, I believe that by the end of the new season, things will gradually return to normal as a vaccine is developed. Stay strong! We are stronger together!

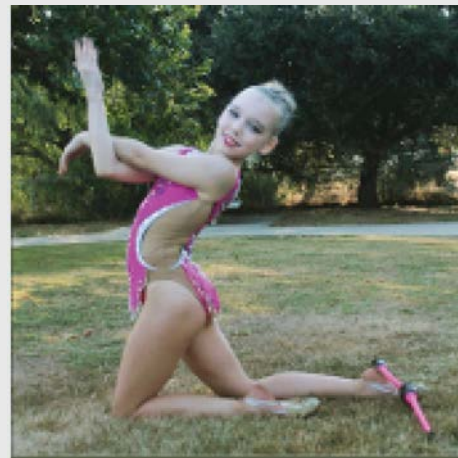

Go EMC!

Yours truly,
Elena Baltovick

We are honored to welcome you to our competitive team, and we hope that you'll enjoy being part of the EMC family. Our coaches are excited to work with you in helping you achieve your dreams!!!

Fall News:

- Private lessons start on September 7th.
- We will return to Alliant with ballet and private lessons for L5-10 once the "3-week" quarantine is lifted. For now, until further notice, we will train at the San Marcos location. At the moment we are looking for other options for a "home" gym, so everyone can feel safe and at home.
